

The Biology Department & Neuroscience Program present...

# MAJOR / MINOR INFO SESSIONS

---

Come join us for information sessions about what it means to major or minor in **biology** or major in **neuroscience**! These sessions will give students the opportunity to hear from and converse with current biologists and neuroscientists about classes, the department, studying away, and more. If you're considering a major in biology or neuroscience, this is your chance to learn more.

---

**Biology Department**

Tuesday, Nov. 1,

7 - 8 p.m.

Hatch 212

**Neuroscience Program**

Wednesday, Nov. 2,

7 - 8 p.m.

Hatch 212
